DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Morton J. Rosenberg on 7/20/04. The application has been amended as follows:

In Claim 1: in line 13 "gate terminals of the transistor pairs" has been changed to --gate terminals of the transistor pairs of the two coupling circuit--; and the recitation in line 16 "the transistor pairs" has been changed to --the transistor pairs of the two coupling circuit--.

The title has been changed to --LC Quadrature Oscillator Having Coupling Circuits--.

Statement of Reasons for Allowance

Claims 1-8 are allowed.

The following is an examiner's statement of reasons for allowance: the best prior art of record, Huang (US 6456167) discloses in Figure 6 a quadrature oscillator including two symmetrical oscillators, two LC circuits, two coupling circuit, gate terminals of the transistor pairs of the two coupling circuit being connected to the drain terminals of the transistor pairs in the two symmetrical oscillators. However, Huang

does not disclose nor suggest the following recitation "drain terminals of the transistor pairs in the coupling circuits are respectively connected in series to the source terminals of the transistor pairs in the oscillators".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
